Ferienwohnungen
PELLENZBLICK

Enjoy your holiday in the volcanic region „Laacher See“ - our in 2017 newly built holiday apartments (graded four stars from the German Tourist Association) offer everything you need for the most beautiful time of the year.

The apartment „Pellenz view“ is situated on the ground floor, the apartment „scenic view“ on the top floor of the house. They both offer two bedrooms and thus enough room for up to four people (e.g. a family with two children or two couples). Centre of the apartment is a large kitchen with dining area and the cosy living room. If the weather allows, the balcony (approx. 14 m²) is the perfect place for enjoying the great view.
